PMB012
PM - LIST HARDSHIP/CIRCUIT BREAKER/HOMEOWNER/SPECIALS

PROGRAM FUNCTION:

This program lists parcels from Parcel Master.

REQUIRED RESPONSES SUPPLIED BY OPERATOR:

01   Limits
02   Prompt responses
03   Do you want: (choose **only** one with an X)
___   **Summary of all** below
        If Summary is requested, total by property type? ___
        (X = Yes; leave blank = no)
___   Market Adjustment Data (Hardship, Cas Loss, Spec Home, etc)
___   Specials Data
___   Homeowner Data
___   Bank Code Data
___   Ownership Code Data
___   Circuit Breaker Data
___   Federal Land Bank Code Data

The following prompts may or may not appear based on your response to the previous prompts:
        - Do you want all batches? (Y or N)
          If 'N', key batches wanted (up to 20).
        - Disalloweds: include, exclude, or only include?
        - Do you want all categories? (Y or N)
          If 'N', key categories wanted (up to 20).
        - Do you want parcels with **just** those categories? (Y or N)
        - List in Parcel or Alpha order?
        - All specials or select (up to 20)?
        - All codes or select (up to 20)?
        - Do you want to print address and legal description?

COMMENTS:

If you select more than one response for prompt #03, you may get erratic results.

If you say yes to the prompt "Do you want parcels with JUST those categories?", please note that only parcels with those exact categories will print. If you select categories 20 & 41 and say "yes" to just those categories, any parcels with extra categories (eg has

PMB012

categories 20, 41, & 48) will NOT print. Only exact matches.

OUTPUT SUMMARY (or NA):

The detail report lists all items per parcel: the parcel key, name, code area, bank code, market adjustment codes, market adjustment amount, special numbers, units, and amounts, circuit breaker categories, market values, market value total, homeowner categories, market values, exemption amounts and totals.

The FLBC detail report will also list addresses and legal if requested.

The summary report totals homeowner count, categories, market value, exemption amount, disallowed market value, disallowed exemption, total market, and total exemption amount, totals, and total disallowed count, hardship count and totals, circuit breaker count, categories, market value and net market per category and totals, schedule amount and total, and total disallowed, specials count, code, amount and total, and bank codes. The prompt responses and limits keyed in are printed at the end of the report.

SPECIAL CONSIDERATIONS:

None
